
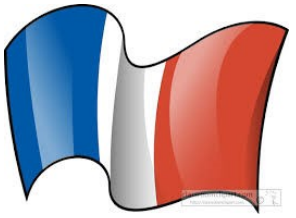
French Summer Challenge

UKS2



Here are some cross-curricular activities that link to your French Objectives. You could try one activity, or maybe have a go at them all! We would love to see your home learning! Please send any pictures to French@Holytrinity.leeds.sch.uk. Any printed work can be added to your French folders on your return to school.

Research a place in a French speaking country. Create a brochure to persuade people to visit this place. 	Learn how to play boules. 	Find out about a famous French speaking person. Write a biography or fact file about them.
Research a famous French artist. Can you create your own artwork in a similar style?	Plot the route of the latest Tour de France. Can you create your own cycling competition?	With the help of an adult, cook and eat a meal from a French speaking country. It might be a typical French breakfast or something more adventurous!
