

New York City

If you're attracted to food, if you like amazing views, if you love pretty lights, then New York City is the best place to visit. From the pretty views to the lit up Time Square, New York City is the perfect place for you and your family.

Stunning Statues

Are you interested in ancient statues? Then come see the stunning statue of Liberty. If you like heights then go on a helicopter ride spinning around the statue of liberty. The view from the top is amazing after climbing 354 stairs.

Picnic Parks

Do you like parks? Then there is always the great central park. It is one of the biggest parks in New York City. You can play, run around and all sorts.

Shimmering Sights

If you like buildings then go to the great, Empire State building. It has amazing views and the prettiest time to go is at night where all the illuminations come alive. It doesn't take long to get to the top in the lift; about 5 seconds.

Super Shopping

Fancy going shopping? Well if so there are lots of famous shopping centres but most popular is the 5th Avenue. Get all sorts of hot clothes. If you're child likes cool stuff then there are lots of caps and all sorts. Visit Bloomingdales a really big place; it is the second biggest.

Terrific Transport

Hop on subways, buses that are open 24 hr everyday. Thinking of going somewhere? If so there are our famous yellow taxis which are quite easy to spot. Buses, subways, trains, taxis you name it; they are open all day so that you can go get a drink. If you're tired at night theres no need to walk take the subway.

Elegant Eating

Hungry or not? Well there are pubs, cafes, restaurants and there's tons of them; they have all sorts. At night from 10:00 onwards, it is adults only and there are some cafes where in a certain bit it is children only so I guess nit is fair. They do all sorts of foods and drinks and they are open 22hr a day. Hot dogs and burgers are most popular. so what are you waiting for when there are lots to do at New York City!
