

VISIT NEW YORK !!

If you want to see a giant skyscraper, if you like gigantic shopping sprees, if you love seeing enormous buildings, then New York is the place for you. From 5th Avenue Shopping Street to the Statue of Liberty, there's something for everyone.

ATTRACTIONS

There's never a dull moment in New York with the amount of fantastic attractions to admire.

If you're a little bit more braver with heights, then the Statue of Liberty is the right place for you. There is a grand total of 354 steps to get to the top. If you don't want to climb so many steps, then I recommend hopping on a helicopter.

SHOPPING!

Are you a "shopaholic"? If you are then you need to visit the magnificent New York.

For example, the Empire State Building is the tallest building in North America. When you get in the lift, it shoots up like a rocket even to the 102nd floor (the top). When you get to the top, it's paradise; you wouldn't want to miss out.

I bet some of you are extremely apprehensive of heights, then come on down to the legendary Central Park. There are over 9,000 trees, bushes, flowers and lodes of benches, there is even a Park Zoo. You will love spending time with your family here.

The most fabulous place to shop is 5th Avenue Shopping Street. Everyone's favourite shop there is Macy's. If you're not an American citizen, you can bring your passport there and get 10% off everything you buy. Another favourite is bloomingdales. These shops have the latest fashion tips and clothes.

TRANSPORT!

The yellow taxis are probably one of the most famous pieces of transport along with the 24 hour bus/subway. You could get a ferry across town as well. All of these amazing pieces of transport lead to grand landmarks/attractions, mouth watering restaurants and giant shopping centres.

FOOD!

New York is one of the most known cities for the biggest variety of fast food, which can include hot dogs, burgers, salty fries and fried chicken, you'd eat this a lot if you are a true American. There's even fancy Italian places that will tingle your tastebuds. You could go to Indian, Thai and Chinese restaurants that will make your mouth turn into a fireball.

SPORT

New York is wildly famous for their variety of sports, like baseball, basketball, American football and soccer. Go to Yankee Stadium and see the New York Yankee baseball team crush another team.

Does this all sound appealing to you and your family? You don't want to miss out! Book now and visit the city that never sleeps!
