LO: To describe action in a scene in detail

I can use adverbs to describe action

I can create imagery

I can describe in detail

RIC

R- What is the girl doing?

I- How do you know the wardrobe was kept a secret from the girl?

C- Why has the director chosen to make light shine through the wardrobe door?

Write as many nouns, verbs and adjectives as you can to describe this picture.

You are going to describe the scene where Lucy discovers Narnia.

In order for us to be really descriptive we need to give lots of detail about what could be a simple action that takes seconds.

Watch the video from the Narnia film, of Lucy walking into the room, opening the wardrobe and discovering Narnia. This can be simply written in one sentence, "Lucy tentatively walked into a room which was empty apart from a wardrobe that led to Narnia." But it isn't very descriptive! We are going to write at least a page to describe this moment.

<https://www.youtube.com/watch?v=EdqmcoQNaY>

Make notes of each tiny action while you watch the video.

Main Task

Using your notes, write a description about what you have just seen in the video- Lucy walking into the room, opening the wardrobe and discovering Narnia! Remember to use the senses (what she could hear, see, smell, touch and her feelings)

- Challenge: Can you include..?
- Similes/metaphors
- Fronted Adverbials
- Complex sentences

surprised	curiously	tentatively	slowly	tiptoed	wardrobe
amazed	shocked	awe	wonder	Lucy	Narnia
trees	wide eyed in amazement				snow
