

Job Applications!

Just like in Year 1, you have the chance to take on a whole school responsibility in Year 2 and become a member of a school council team!

The 4 school council teams meet up regularly, often at lunchtimes, to discuss things and help make decisions.

The 4 school teams are:

Main School Council - Mrs Casling
Eco team - Miss Hickey
PE Council - Miss Johnson /Mr Wilkinson
Worship team - Miss Lillington

You can apply for as many jobs as you like. In September we will have a read through the application forms and your class will choose who they would like to represent them on each team.

School Council

This is an important job. You will have your name and photo on the School Council noticeboard. You will get to decide on important issues that affect everyone in school. You might get to meet visitors to our school and answer their questions.

Eco Team

You will work with Miss Hickey and help to make sure that our school is looking after the world around us. You might be the electricity monitor in your class and make sure that lights and computers are switched off when you're not in the classroom. You might collect the left over fruit after snack time to take to the compost bin.

PE and Sport Council

You will work with Miss Johnson and Mr Wilkinson to make decisions about the sort of PE and sport we offer in school. You might help to decide about what sports to have for after-school clubs etc. You will be responsible for collecting and putting away equipment for each of your PE lessons.

Worship Team

You will work with Miss Lillington to make sure that our Christian values and Christian Ethos are on show in our school. You will help to organise charity events such as the shoebox appeal, Harvest and the Grandparents Afternoon Tea. You might help to lead Worship or help to evaluate Worship.

Here are some examples of the sorts of sentences you might use on your application.....

I will be a fantastic school councillor because I am reliable, will be punctual to the meetings and I have a real interest in helping the school and local community.

I will be a brilliant eco warrior because I care about the Earth. I want to decrease pollution and am passionate about saving the planet. I have a good knowledge of climate change and want to encourage others to recycle.

I will be an amazing PE councillor. I love sports and working in a team. I have a real interest in getting the school active and am responsible so can look after all of the PE equipment.

I will be a wonderful Worship Team member because I care about the local community and the church. I am reliable and love to get involved in worships, charity work and I will confidently feed back information to my class from the worship meetings.

Now you can start to fill in your application form on the separate sheet.

You might decide to enter your application in a different way - video? Poster? You can be as creative as you like as long as you use persuasive language!
