

Dear Me

You are going to write a letter to yourself. It is for you to open at the end of Year 5 and should contain your challenges for the whole of the year. It should be about: your hopes, fears, opportunities, obstacles to overcome, and what you are excited about. Maybe you want to include questions that you could answer at the end of the year.

Your letter should be a page long, or longer if you choose, and it should be addressed to yourself- YOU! Try to include as much detail as possible and at least three things for each area (3 obstacles, 3 fears etc.) It is also an opportunity for you to show off to your new teacher your writing style, punctuation skills and amazing sentences and vocabulary. Type it or write it, it is up to you. Good luck.

Dear me....
