## Being Unique - What Makes Me, Me?

Just like Unique the Unicorn, we have all different interests and hopes and dreams for the future. Think about what makes you, you. What things interest you? What's your ambition for when you are older? Do you have a particular talent or a certain hobby you enjoy? Draw or write about yourself in each of the boxes.

Things I am interested in...

Activities I enjoy doing or hobbies I have...

Talents I have...

My goals for when I am older...

Imagine if we lived in a world where we were all exactly the same.

How would you feel?
