L.O. respond/reflect on the importance of trust to Christians

Even though Daniel was probably frightened he put his trust in God.

He knew God would protect him and he did.

There are lots of stories in the Bible where people have trusted God to help and protect them. Can you think of any?

Trust is important in our lives too. We want people to know we will keep our word and look after things if we say we will. In school we talk a lot about trusting you to do the right thing to make sure you are all happy and safe.

L.O. respond/reflect on the importance of trust to Christians

There is a quote in the Bible from
the book of Psalms:

When I am afraid, I will trust in
you.

In God I trust; I will not be afraid.

L.O. respond/reflect on the importance of trust to Christians

We would like you to make some kind of lion, there's lots of ideas on the next page, and include the Bible quote in your picture to remind yourself to always put your trust in God.

If you can't make one, there's a colouring sheet for you to complete with space for the quote.
