Estimating

Tuesday 23rd February 2021

What do you notice?

Tuesday 23rd February 2021

What was your estimation?

Tuesday 23rd February 2021

How many superheroes are ready to save the day?

Tuesday 23rd February 2021

It was night in the city and a villain was ready was ready to break down the cities buildings! We need super heroes to save the city! 2 super heroes were ready and waiting but they need more help! They called for back up and 3 more super heroes came to help. How many super heroes will there be?

Tuesday 23rd February 2021

The 3 super heroes were here to help. How many altogether?

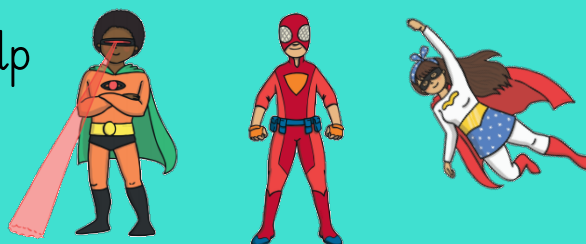

Tuesday 23rd February 2021

We started with 2

Then 3 more came to help

5 super heroes altogether

$$2 + 3 = 5$$

Tuesday 23rd February 2021

Can you think of your own super hero mission?
How many super heroes do you need to save the
day? Do they need certain powers?
