Sir David Attenborough

Sir David Attenborough Fact File

David Attenborough is a natural history TV presenter and is known for introducing generations to the world's furry and feathered friends. He is widely known for his very soft voice, which many people try to copy.

Cultural Impact

He has gained many awards throughout his career and holds the prestigious Lifetime Achievement Award. David Attenborough has also been knighted, had species named after him and had a studio dedicated to him at the Natural History Museum in London.

Born

8th May, 1926
Ilseworth, London

Education

He holds a degree in Natural Sciences from Cambridge University.

Interesting Fact

David Attenborough has brought the world to our doorsteps. It is estimated 500 million people have watched 'Life on Earth.'

The studio holds many events such as a 3D virtual reality experience into the Great Barrier Reef. You can explore beneath the waves and into the world's largest coral reef.

Since the launch of 'Zoo Quest' in 1954, to the recent 'Planet Earth' series, he has reviewed almost all aspects of life on Earth.

Quotes

"I just wish the world was twice as big and half of it was still unexplored." David Attenborough.

"The question is, are we happy to suppose that our grandchildren may never be able to see an elephant except in a picture book?" David Attenborough.

"David has affected the lives of people and wildlife for many years. With his amazing amount of knowledge, his achievement is to recommend life, wildlife and human life to the people of this Earth." Bill Oddie.
