

Nature photo frames!

You will need:

- four large sticks or twigs
- a selection of stones
- a selection of flower heads and stems
- grass
- a selection of leaves
- petals

1. *Go on a nature hunt around your garden or near to your home. Try and find lots of different natural items and collect as many different items and colours as possible*
2. *Decide what material you would like your photo frame to be made out of. It could be made from sticks, flower stem, or even lots of small stones. It could be a mixture of different items, depending on what you find.*
3. *Create your photo frame making a square shape.*
4. *Using your collected items, create a picture inside your photo frame. You could create a picture of yourself, an animal or something that makes you happy (examples on the next slides)*

Artwork using natural materials

- *Decide what you would like the content of your picture to be. For example, an animal or a landscape.*
- *You may want to choose your pet or your favourite animal as the subject of your picture.*
- *Gather different sources that you can use to inspire your ideas, such as photographs, illustrations and sketches.*
- *Think about the different textures, colours and shapes that you will need to combine to create the desired effect.*
- *Collect suitable fallen leaves, petals, twigs or other natural materials that you could use to make your natural picture/collage.*
- *Don't forget to give your masterpiece a name!*
