## 5 minutes

Once finished, write down the time it says on the stopwatch at the top of your sheet and turn your sheet upside down.

*L.O. recall all number bonds to and within 10 and use them to reason with and calculate bonds to and within 20, recognising other associated addition relationships. (EX) 30.09.2019*

Today we will use our maths books to add, but we will learn a new method.

Copy the LO and date using the line but NOT the boxes.

LO: To add 2 digit numbers

04.11.2021

We are going to learn how to do column addition today to add 2 digit numbers.

You **HAVE** to write one digit in each box. The neater you set your work out, the easier you will find it to add up the numbers.

LO: To add 2 digit numbers

04.11.2021

59 This is incorrect as there are 2 digits  
in one box.

5 9 This is incorrect as the digits are  
not neatly in boxes.

5 9 This is correct! One digit in each  
box.

$$24 + 17 = 41$$

$$20 + 4$$

$$10 + 7$$

$$\underline{30 + 11 = 41}$$
