

English

Linking in with our topic, *Titanic* we will be writing newspaper articles about the sinking. We will write diary entries from passengers on board the ship and creating our own news documentaries and advertising the Titanic. The children will practise their reading and comprehension skills in each lesson by answering RIC (Retrieve, Interpret and Choice) questions. They will read a range of genres in guided reading and reading homework. They will practice spelling, punctuation and grammar in line with the new national curriculum.

Science- States of Matter

We will be learning about states of matter and how the water cycle works.

We will compare and group materials together, according to whether they are solids, liquids or gases

We will observe that some materials change state when they are heated or cooled, and measure or research the temperature at which this happens in degrees Celsius (°C)
