MFL

Seasons & Easter

Computing—Data and Information—Pictograms

This unit introduces the learners to the term 'data'. Learners will begin to understand what data means and how this can be collected in the form of a tally chart. They will learn the term 'attribute' and use this to help them organise data. They will then progress onto presenting data in the form of pictograms and finally block diagrams. Learners will use the data presented to answer questions.

PSHE/Citizenship

Relationships: boys and girls, families.

Understand and respect difference and similarities between people.

That everybody needs to be cared for and ways in which they care for others.

Different types of family and how their home-life is special.

The Lake District
